# ABOUT COMPANY

CV VANDA ALAM STONE is a company engaged in processing and crafting Indonesian natural stone. We transform selected natural stone into products of artistic value through cutting, engraving, polishing, shaping and high quality finishing processes. Supported by experienced craftsmen and a meticulous production process, we present products that meet the needs of interior, exterior decoration, collections and architectural projects. Indonesia's natural stone industry has a strong reputation in the international market thanks to its wealth of materials and the expertise of local craftsmen.

Motto "From Nature, Crafted With Passion."

# ***VISION & MISSION***

## **VISION**

To become the best natural stone craft company in Indonesia known for its quality, innovation and professional service in national and international markets.

## **MISSION**
